

SOCIETY NOTES

SURPRISE LINE PARTY

Miss Thelma Wilkinson, who has been visiting her brother, J. W. Wilkinson for the past few months, was very much surprised by a crowd of young people Monday night to a line party to the Lyceum. The crowd met at Gertrude Hockenull's and then proceeded to the home of Miss Wilkinson where they took her very much by surprise. After the show refreshments were served at Murray's Confectionery then back to Miss Hockenull's where plenty of music and home-made candy was served until a late hour. Miss Wilkinson has been a very popular young lady in all the social affairs and will be very much missed when she returns to her home in Georgia. Among those of the party were: Misses Thelma Wilkinson, Edna Sanders, Grace and Ruby Wicks, Zella Mae Pierce, Ruth Hough, Minnie Schultz, Nellie Cook and Gertrude Hockenull; Messrs. Gordon Wicks, Solon Foreman, Wendell Foreman, Musin Croft, Clarence Hobdy, Floyd Marsh, Oliver Buster, Jimmy McGinnis and Marion Elliott.

WOMAN'S CLUB

The Woman's Club of Clovis met at the home of Mrs. H. O. Robinson, April 26th. A child welfare program was carried out with Mrs. John L. Stevenson as leader. Dr. Scott gave a very instructive talk on the "Psychology of the Child and its Welfare." Then followed a round table discussion. Miss Louise Willis, Red Cross nurse, gave a splendid talk on "Historical

Sketch of Child Welfare Work.

Mrs. W. H. Pattison handled well the subject of "Starting the Baby Several Generations Back, to its Birth."

Mrs. George Cornell entertained the club with an original reading, "The Demonstrator."

The club will give a musicale at the home of Mrs. R. M. Bishop May 11th.

ENFORCED DRY SPELL

"It's all rot about women not being able to keep a secret." "Do you speak from experience?" "I do. My wife knows where the key to my hooch chest is and she won't tell me."—New York Sun.

SHOWER OF METEORS ABOUT JUNE 12

Berkley, Calif.—A meteoric shower may take place about June 27 if the Pons-Winnecke comet at present approaching the earth, has meteoric material on its wake, it was announced last week by Prof. A. O. Leuschner of the astronomy department of the University of California.

Although the shower may be somewhat spectacular, Professor Leuschner said, the comet itself will be too faint to be seen without the aid of a telescope. At its greatest brilliancy, June 12, the comet will be of the eighth or ninth magnitude, he said, and will be in position for observation for several months.

Look yourself in the face occasionally, and perhaps you will be more charitable to others.

Mr. O. M. Reese this week purchased of Sullivan & Sullivan 320 acres of land 15 miles northwest of Clovis, the Sullivans receiving as part payment the Alameda Bottling Works, Reagan Land Co. making the deal. This bottling works has an output of about 500 cases of soda pop per day through the summer season and has recently increased its equipment until it will now be able to take care of the season's demand, which it has never been able to do before. A part of this equipment is 1500 cases of thirty thousand empty soda pop bottles. 1tc
